EXPERIENCE BUILDING PROJECTS

Bookmark Landing Page:

- Live Site URL: [click here](#)
- Code: [click here](#)
- Bookmark landing page, this was helpful to test my layout skills, and also for practice react components

Static Job Listing:

- Live Site URL: [click here](#)
- Code: [click here](#)
- A job listing where the user can filter each job description by its skills

URL Shortening API:

- Live Site URL: [click here](#)
- Code: [click here](#)
- This is a project where the user can shorten any valid link, this was made with the shortcode API

Insure landing page:

- Live Site URL: [click here](#)
- Code: [click here](#)
- Landing page with desktop and mobile workflow, built with HTML, CSS, Javascript and media queries, implementing CSS FlexBox to reverse the position of the family image

EDUCATION

freeCodeCamp — Certification

Taught myself responsive web design in this e-learning platform

Codewars — Self Taught

I solve code problems on this platform to improve my program logic skills.
