LUIGGY MACIAS

Summary

Hello, my name is Luiggy. I'm a self-taught frontend developer with 1+ year of programming experience, developing web applications and building websites. I primarly focus on writing clean, elegant and efficient code. I am proficient in HTML, CSS, JavaScript and React.

Projects

Full Stack Movie Reviews App: https://movies-reviews-frontend.netlify.app
MongoDB | Express | React | Node.js

Full Stack JavaScript application, made with the MERN stack. This app fetches movies from a Mongo database, you can also login and post a review, update or delete the reviews you have made in the database.

Drum Machine App: https://drum-machine-free-code-camp.netlify.app/
React | Redux | HTML | JavaScript | Sass

This application allows you to listen to some clips, you can switch between two drums, turn the drum on and off and raise and lower the volume of the drum.

Room homepage: https://frontend-mentor-room-homepage.netlify.app/
React | React useEffect & useState | HTML | JavaScript | Sass

This homepage were helpful to test my layout skills. There's a slider that also were helpful to practice React Hooks

URL Shortening API: https://macluiggy.github.io/url-shortening-api-master-FM
HTML | CSS | JavaScript | shortcode API

This is a project where the user can shorten any valid link, this was made with the shortcode API
